CLARIFICATION No 4

No	Reference to Tender	Clarifications	Response
1.	Key Staff K-6 Qualification and Experience Criteria	Request clarification on the expert requirement for the K-6: Safety, Security & Risk Management Specialty's position	A Bachelor's degree in Aviation, Management, Business Administration, or a related field. At least 15 years' experience in airport safety, aerodrome operations and aviation regulatory compliance. At least 10 years' experience in Safety Management Systems (SMS), aerodrome certification, ICAO Annex 14 standards, aerodrome and safety manuals, safety risk assessments, compliance audits, and coordinating with stakeholders. Experience in Airport Operational Readiness and Transfer (ORAT), Airport Collaborative Decision Making (A-CDM), airport construction safety management, emergency response planning, and aviation training and capacity building is required. Relevant professional certifications and specialized training in aviation safety management, aerodrome certification, airport operations, training development, and project management are desirable.
		Given the scale and significance of this project, additional time would greatly support the preparation and submission of high-quality proposals that fully align with the Client's expectations. Extended preparation	The proposal submission deadline and submission requirements shall remain unchanged

No	Reference to Tender	Clarifications	Response
		<p>periods for projects of this nature also tend to encourage broader participation and enhance overall competitiveness.</p> <p>In this context, we kindly request your consideration for an extension of the submission deadline by approximately two weeks. We believe that such an extension would contribute positively to the overall success and outcome of the project.</p>
